Channon Gabriel Kirchner, 51, long-term resident of Sedona, passed away on Friday, September 11, in Eloy, Arizona. He was born at Hennepin County General Hospital in Minneapolis, MN on May 31, 1975, lived in Santa Fe, New Mexico with his parents for four years until moving to Sedona in 1981 at age 7. Cause of death is unknown, pending results of an autopsy by the county coroner's office.

He spent most of his working life in restaurants, veterinaries, healthcare and residential caregiving where his loving kindness for people, animals and the elderly was endearing to all who knew him or came under his care. He was a "big brother," "uncle" and even father figure to numerous young people from troubled childhoods. Despite his own troubles in life, his ability to make people laugh and his unwavering compassion for others leaves a legacy of kindness, caring and respect that will be sadly missed by all who knew and loved him.
